

MURZAN

Pneumatic Suction Wand (PSW-70)

PSW-70 SYSTEM FEATURES:

- The PSW-70 Pneumatically raised suction wand eliminates manual labor and associated ergonomic issues.
- Improves sanitary conditions by reducing the risk of product contamination
 - Unloads viscous products from drums, totes, etc
- The PSW-70 also unloads palletized drums, reducing labor and equipment needed to handle loose drums
 - The PSW-70 is constructed of polished stainless steel, and has the MURZAN pump integrally mounted.
 - The PSW-70 has mobile and fixed mounting versions
